

LINK APPLICATION DOWNLOAD IN ANDROID PHONE

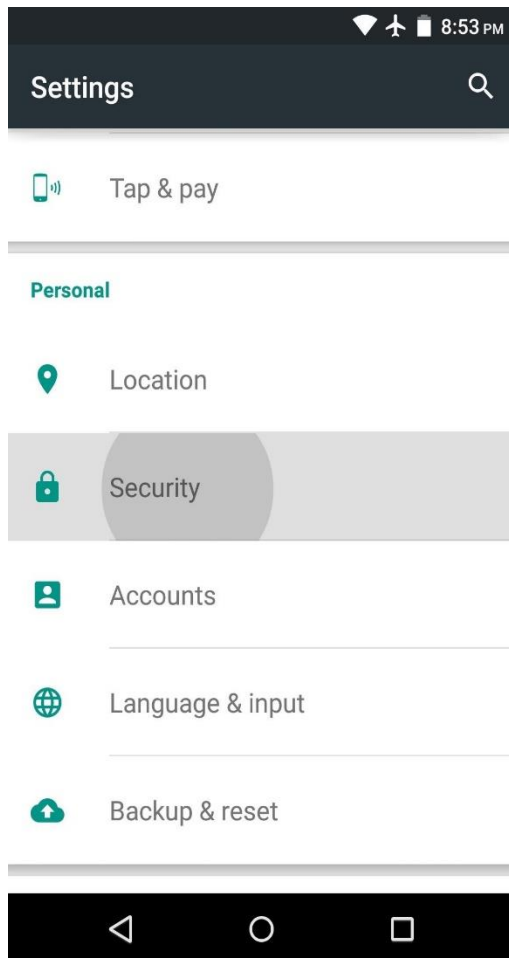

Download Trikon Link from

<https://drive.google.com/file/d/16pN5sN3eunf4no0ZZbX2HMLY3TFf5dIk/view?usp=sharing>

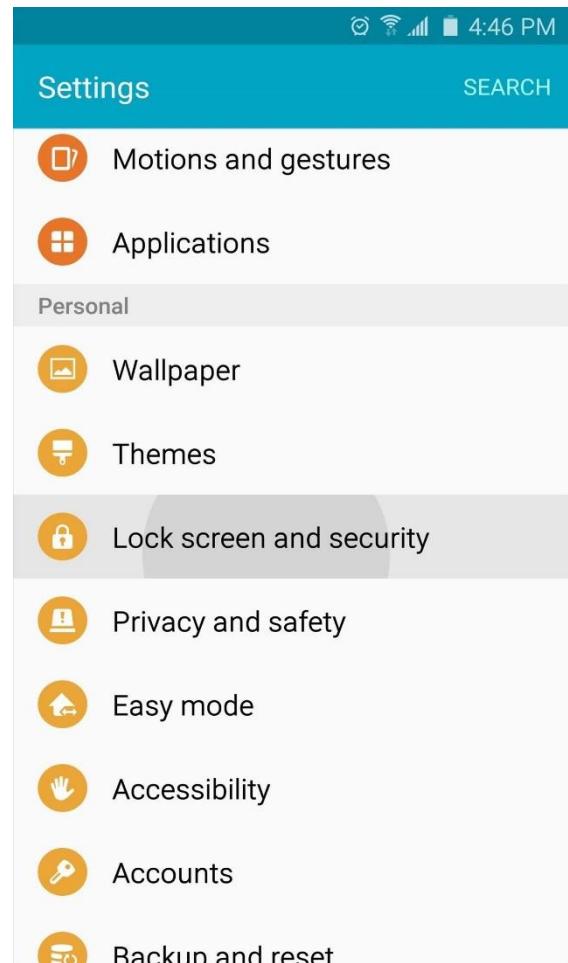

Instructions

The exact names of the settings entries listed below may vary slightly from device to device, but the overall process should be very similar. To begin, head to your phone's main settings menu, then look for an entry titled either "Security" or "Lock screen and security."

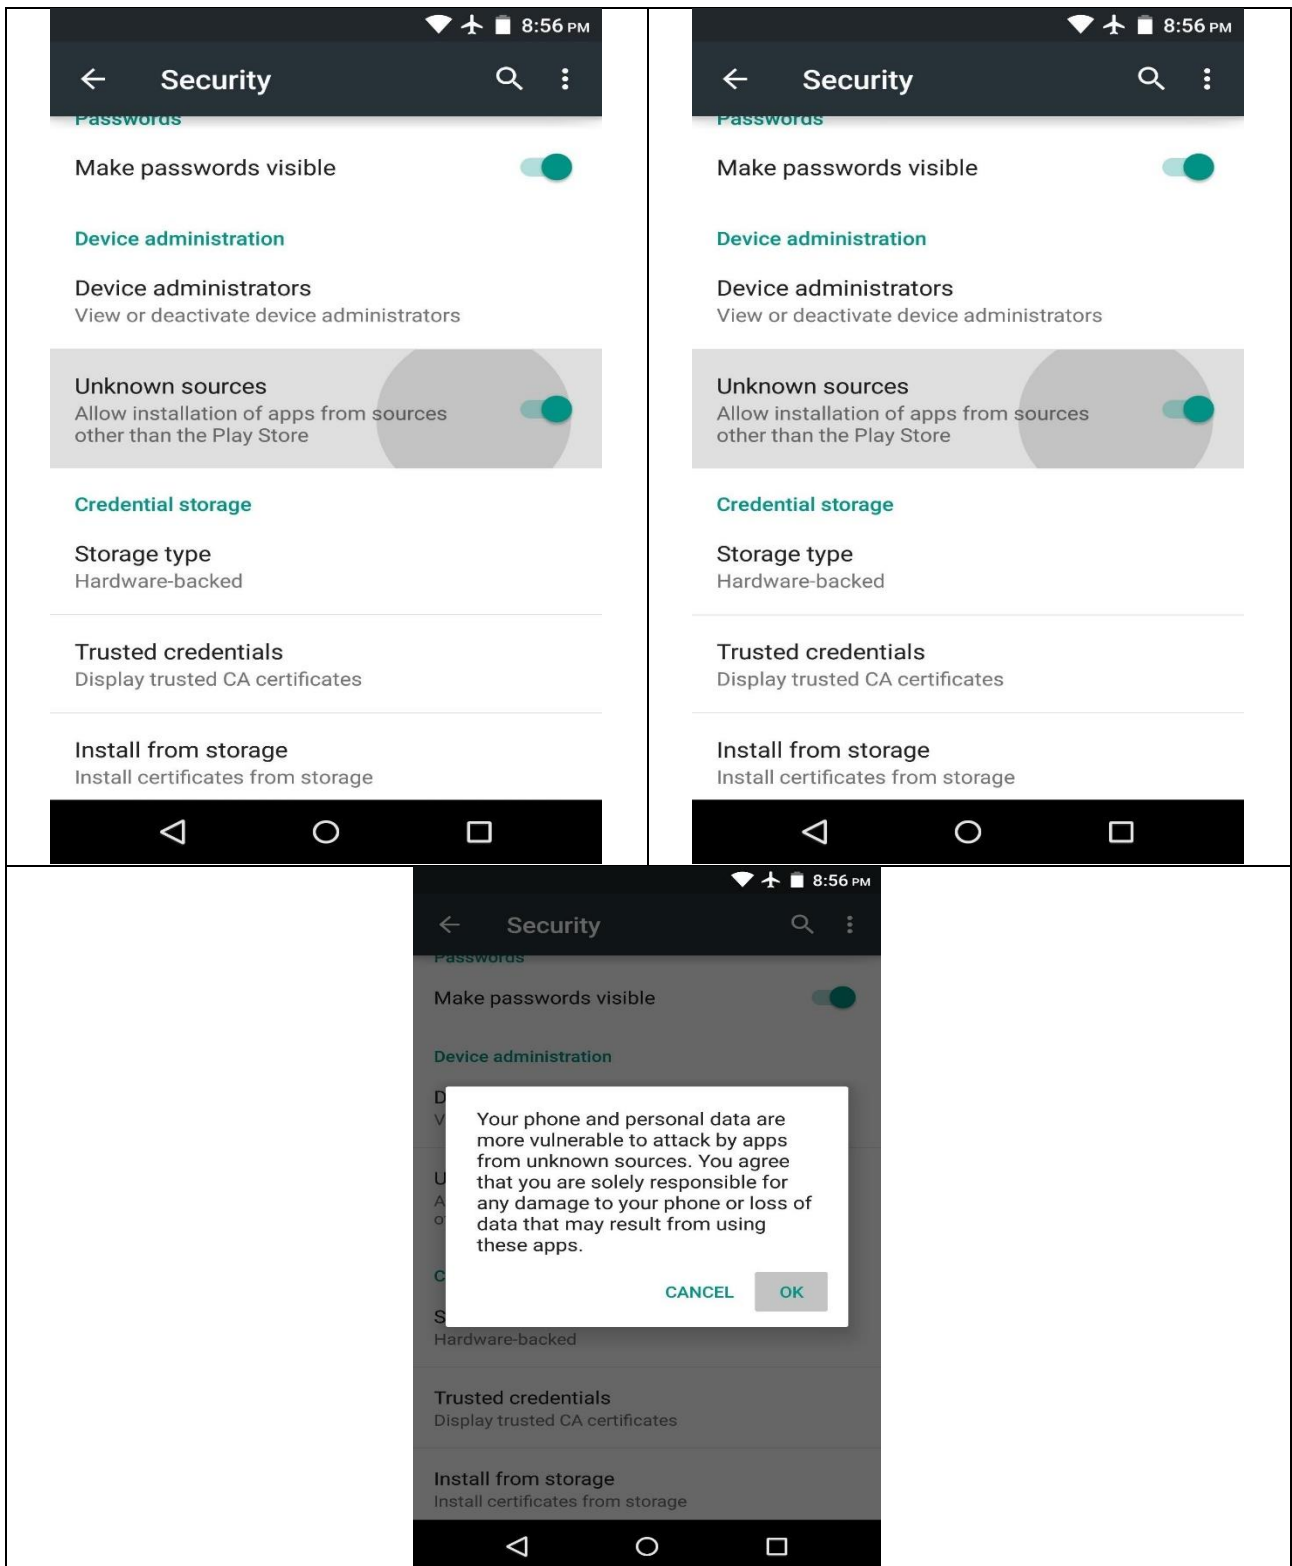

Security menu on stock Android

Lock screen and security menu on Samsung devices

From this menu, simply tick the box or toggle the switch next to the "Unknown sources" entry, then press "OK" on the popup.

Once the above has been done, proceed to download Trikon Link through the link provided.

After the install is completed, run the Trikon Link app.

Enter the credentials provided by the Trikon Provisioning team.
